Good morning:

I am writing to notify you that I am an attorney, and political activist, in America that is curently being subjected to the illegal use of psychological operations as a means of dissuading me from engaging in the electoral process and pursuing my civil rights through lawsuits in American courts.

To the best of my ability to currently investigate this matter, the source of these illegal operations does appear to be coming from inside of the United States government.

Please direct this email to the appropriate oversight divisions and respond to me with the best contact information to reach the offices within your division that can assist me with this ongoing and pervasive problem.

Thank you for your immediate attention to this extremely important matter.

Kindest regards,

Chris Noel Carlin,
